SUMMARY

Senior Data Engineer with 8 years of experience designing and implementing enterprise-scale data platforms on Google Cloud Platform. Extensive expertise in Google BigQuery, ETL development, data warehousing, pipeline optimization, and cloud-native analytics solutions. Proven experience leading engineering teams, mentoring developers, and delivering highly scalable data solutions that process billions of records while maintaining high data quality and governance standards.

EDUCATION

Rajiv Gandhi Proudyogiki Vishwavidyalaya

Bachelor of Engineering (B.E.), Computer Science and Engineering

2016

EXPERIENCE

Senior Data Engineer

CloudNova Technologies Pvt. Ltd.

April 2021 – Present

Indore, India

Responsibilities

- Designed enterprise data warehouse solutions using Google BigQuery supporting over 20 TB of analytical data.
- Developed more than 250 production ETL pipelines using Python, SQL, and Cloud Composer.
- Reduced BigQuery execution costs by 38% through partitioning, clustering, and query optimization.
- Built automated data validation and monitoring frameworks improving overall data quality.
- Migrated legacy Oracle and SQL Server warehouses to Google BigQuery.
- Implemented CI/CD pipelines for data engineering workflows.
- Collaborated with business analysts and data scientists to deliver analytical datasets.
- Led a team of six data engineers and conducted technical reviews and mentoring.
- Technologies: Google BigQuery, Python, SQL, Cloud Composer, Airflow, dbt, GCP

Data Engineer

NextGen Analytics Solutions

June 2018 – March 2021

Bengaluru, India

Responsibilities

- Built scalable ETL pipelines using Python and SQL.
- Created dimensional data models for reporting and analytics.
- Automated daily ingestion of transactional and IoT datasets.
- Improved pipeline reliability through monitoring and alerting.
- Optimized BigQuery SQL workloads reducing execution time by 45%.

Associate Data Engineer

InfoMatrix Systems

July 2016 – May 2018

Pune, India

Responsibilities

- Assisted in data migration projects.
- Developed SQL scripts for ETL transformations.
- Performed data profiling and cleansing.
- Supported production data pipelines.

PROJECTS

Enterprise Sales Data Warehouse

- Designed a cloud-native warehouse using Google BigQuery.
- Processed over 500 million records daily.
- Implemented incremental loading and partitioned tables.
- Reduced report generation time from 40 minutes to under 5 minutes.

Real-Time Analytics Platform

- Built streaming data pipelines using Pub/Sub and Dataflow.
- Loaded real-time events into BigQuery.
- Created dashboards for business stakeholders with near real-time updates.

Customer Data Migration

- Migrated over 15 TB of historical data from on-premises SQL Server to BigQuery.
- Automated validation and reconciliation scripts ensuring 99.99% data accuracy.

TECHNICAL SKILLS

Google Cloud Platform (GCP)

BigQuery

Cloud Storage

Cloud Composer (Airflow)

Dataflow

Pub/Sub

Cloud Functions

Dataproc

Cloud Build

Google BigQuery

ETL / ELT

Data Warehousing

Data Modeling

Data Migration

Batch Processing

Streaming Data Pipelines

Data Lake Architecture

Python

SQL

Bash

PostgreSQL

MySQL

SQL Server

Apache Airflow

dbt

Git

Docker

Terraform

Jenkins

Query Optimization

Partitioning

Clustering

Data Governance

Data Quality

Metadata Management

CI/CD

Performance Tuning

CERTIFICATIONS

Google Professional Data Engineer

Google Associate Cloud Engineer

Google Cloud Digital Leader

Apache Airflow Fundamentals

dbt Fundamentals

ACHIEVEMENTS

- Reduced BigQuery operational costs by 38% through query optimization. - Designed data platform serving more than 1,500 internal users. - Received "Engineering Excellence Award" for modernizing enterprise data architecture. - Mentored eight junior data engineers.

TECHNICAL EXPERTISE

- Google BigQuery - Data Pipeline Development - ETL / ELT - Cloud Data Warehousing - SQL Optimization - Data Modeling - Python Automation - Airflow - dbt - Data Governance - Performance Tuning - Cloud Architecture

SOFT SKILLS

- Technical Leadership - Stakeholder Management - Team Mentoring - Analytical Thinking - Problem Solving - Agile Delivery

LANGUAGES

- English - Hindi - Marathi
